<p>FINDINGS AND ORDER RE SEALING PRIVILEGE LOG FOR EVIDENCE ITEMS 824, 825 AND 826</p>	<p>CASE NUMBER: 1133803</p>

On August 17, 2004, Mr. Jackson filed a Privilege Log for Evidence Items 824, 825 and 826. The court placed the Privilege Log under conditional seal and released a redacted version that same day. On September 21, 2004, Mr. Jackson filed a motion to seal that document. On October 14, 2004, the court granted the motion to seal the document.

The Court makes the following findings:

The Privilege Log attaches correspondence from Daniel Nixon, attorney for Bradley Miller, which requests that the defense team make several requests of the court regarding the items seized. That letter specifically asks that these requests be made in camera to avoid public disclosure of privileged documents.

In this case, protection of the Defendant's right to a fair trial and protection of the identity of the minor complaining witness and his family overcomes the right of public access to the record. A substantial probability exists that those interests will be prejudiced if the record is not sealed as requested. The intensity of the media coverage in this case is unprecedented. Each court hearing is thoroughly reported and exhaustively analyzed by the media. It is substantially probable that if the evidence expected to be given at trial were to be released pretrial, it would be similarly reported and analyzed. The sealing order is necessary to maintain the integrity of the available jury pool by limiting its exposure to the expected evidence and testimony pretrial and to prevent exposure to inadmissible items of evidence. The Court has consistently held that because of the pervasive media coverage in this case, the Defendant's right to a fair trial outweighs public access. Those findings are relevant here and incorporated by reference. [See Findings and Order re: Motion for Protective Order, filed January 23, 2004 and Findings and Order re: Sealing of Search Warrant Materials, filed January 23, 2004]

There are no less restrictive means to protect those interests. The extraordinary circumstances present in this case overcome the presumption that cautionary admonitions and instructions to the jury pool would have a curative effect. It is far more desirable to avoid the prejudice in the first instance than to hope to identify unaffected jurors later.

The Court acknowledges that its order must be narrowly tailored to accommodate the maximum public disclosure. Redacted versions of these documents were released, as noted above.
